

*The United
Aromatherapy Effort*

Helping our Heroes

The United Aromatherapy Effort was founded after 9/11 to provide aromatherapy and chair massage relief to relief workers. Since then, volunteers have also responded to the 2004 Florida hurricanes, and most recently to Hurricanes Katrina and Rita.

The Parkland College Aromatherapy Class combined forces with the Massage Therapy Association to hold a fund raiser for the UAE selling bath salts. During the two hour lunch period we were able to raise \$150.00 which helped buy much needed supplies. For more information on how you can help, see www.unitedaromatherapy.org.

My interview of Sylla Sheppard Hanger, founder of the UAE, which originally appeared in the Special Anniversary issue of the NAHA's *Aromatherapy Journal*, is also available on the UAE website.
